Prices for certificates	PPAP3/VDA3: €375 PPAP2/VDA2: €250 PPAP1/VDA1: €105 3.1: €50		

At DYTSA we understand that a part WITHOUT COATING/PLAIN/BLANK/SELF COLOUR is not protected against corrosion. We therefore decline any responsibility in case of any possible rusty parts. It is always recommended to apply a coating to fit the later use.

Product according to the requirements specified in the International Standard ISO16426 for fastener quality assurance systems. The validity of the quotation is of 4 weeks as far as LEAD SHIPPING TIME is concerned and 6 weeks as far as PRICE is concerned; Once order is received where in which the Deliveries are scheduled. Price for scheduled deliveries beyond these 6 months will be subject to variation based on the prices of relevant commodities in the manufacture of heat-treated, coated fasteners: material (wire rod), energy, crude-oil and its derivatives, and the subsequent effects of these commodities on the prices of coatings and components (e.g. washers).

In high-tensile fasteners with a tensile strength equal or higher than 800 N/mm2 that are subject to a galvanic coating treatment the risk of hydrogen embrittlement can not be eliminated completely; therefore we shall not be liable for any responsibility in the event of such matter occurring.

Parts ordered in plain/self-colour condition shall not be subsequently processed by customer. Should the customer add whatever processing operation on the supplied parts, we will not take any responsibility for whatever quality concern might arise.

In case of order, we will consider the purchase order as supplied once the last shipment has been made. The total quantity supplied may have a difference of approximately +/-10% with the total quantity requested in the Purchase Order.

The sending of an order implies the acceptance of the above points.

Prices for certificates: PPAP3/VDA3: €375, PPAP2/VDA2: €250, PPAP1/VDA1: €105, certificate 3.1: €50; Additional individual Reports: IMDS €55, Friction Report €40, Corrosion Photo Report €25.

Best regards,
